Reelworks - 820 Series

SPRING REWIND HOSE REELS

The Redashe 820 Series are high performance spring rewind hose reels, constructed in powder-coated steel with the base and roller guide arms galvanized. Twin supports make this reel ideal for high-pressure jet washing either static or on mobile vehicles.

FEATURES:

- Heavy duty steel construction for a long life in both the industrial and automotive sectors
- Reel drum has been coated, with a durable blue powder coated finish
- Both supporting side arms and base are hot dip galvanized for corrosion free finish
- Dual pedestal base
- Double supported 1 3/8" axle
- Full flow shaft and swivel assembly, structurally reinforced
- Multi position roller guide assembly
- Latching of the hose at any required length up to 15m (50')
- Four way roller guides to reduce hose wear
- Floor, wall or ceiling mount
- Internally mounted fully enclosed and lubricated spring assembly
- 12 month manufacturers warranty (excluding hose and seals)
